BISTRO DU VIN

BISTRO DU VIN

Authentic French regional food.

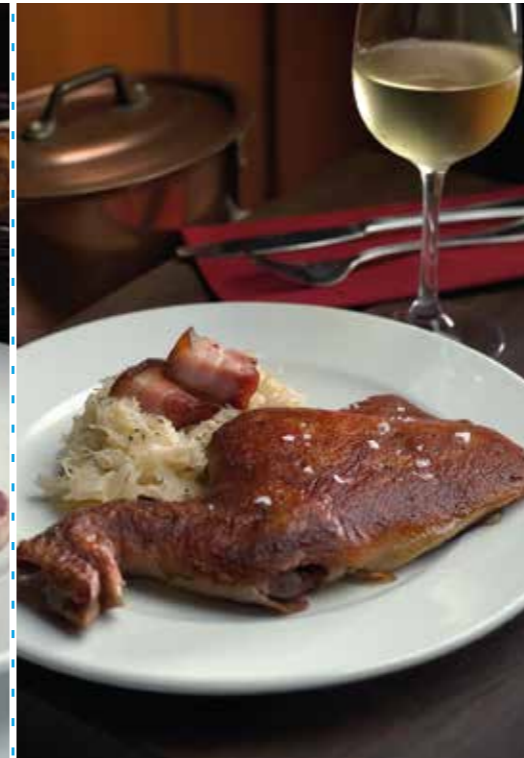

Extensive wine list catering to all tastes and budgets.

True and honest dining experience.

Appeals to the middle to upper-class local and expatriate community, ladies who lunch, executives and discerning diners mainly aged between 25 and 45 years.

Launched in 2009, Bistro Du Vin is modelled after the concept of a traditional Parisian bistro, presenting French classics in a down-to-earth ambience with an old-world charm. Demystifying the fuss and pomp usually associated with French cuisine, Bistro Du Vin serves authentic French specialties from the various regions of this gourmet capital, using timeless recipes and the freshest seasonal produce.

Its restaurant décor and mood has been carefully crafted to emulate the classic French bistro dining experience, making it a popular choice for well-travelled gourmards, urban professionals and the expatriate community during lunch and dinner. Bistro du Vin, which means "Wine Bistro", is also renowned for its wide selection of French wines, which complements its honest menu of hearty and wholesome French fare.
